

## Ruby Waters Adventure

Party    Finbar (employer)  
          Bart  
          Cherub  
          Flee  
          Me

Mission : To obtain some information from the Oracle at the Ruby Waters

- 27/5/84 Party called together and Finbar explains situation  
          Cybil, a deputation from the church to Ruby Waters, was met  
          He was to be a travelling companion
- 28/5/84 Departed from Seagate at eight in the morning  
          Lunched at Monk's Corner  
          Resided overnight in Inn in Gugnir's Hope
- 29/5/84 Travelled forty miles west along trail towards Plain of Desai
- 30/5/84 Travelled on to Plain of Desai  
          Discovered several plundered farmsteads  
          Spent a wakeful night on the Northern edge of the Forest of Arlynn
- 31/5/84 Continued south through Forest  
          Attacked by some orcs at around eleven  
          Well armed and armoured and also equipped with various Illusions  
          Bart was killed but Cybil managed an immediate resurrection  
          Built a travois and moved hurriedly upon our way  
          Assaulted by a strange being that night  
          A horse was knocked unconscious by a blow to the head  
          Cybil was found to be dead
- 1/6/84 Hightailed it towards the Lake at dawn after a sleepless night  
          Met by some guards who escorted us into town  
          Spent a few hours relaxing before "crashing out something chronic"
- 2/6/84 Found town to be in a frenzy due to the annual boat race scheduled the following day  
          Some of the party got involved through wagering various amounts  
          They then set about protecting their investments  
          Meanwhile Finbar gleaned the necessary information for the continuance of our mission  
          Cherub exchanged words with the Duchess of Venture which resulted in her being slept and imprisoned  
          This became advantageous for, after a mutual apology session, they began to develop a friendship
- 3/6/84 Race day dawned fine and clear (as it always does)  
          The race began at 10:00am  
          Even with the multitudinous Wind Whistles, Mage Winds, and swan controlling  
                  the eventual winner was unbacked by any party member  
          Journeyed around the lake  
          Located two underwater caves by getting directions from various frogs  
          Entered the larger cave unaccompanied by Cherub  
          Attacked by but defeated two nixons  
          At caves end discovered stone obelisk  
          Triggered a perpetual Mass Fear so Flee fled  
          After plentiful searching decided to try the other cave  
          Found Cherub frantically trying to keep Flee alive after she suffered heart failure and half drowned  
          Cherub's hawk had been sent for assistance  
          The Duchess of Venture arrived with a healer who revived Flee  
          Moved on to second cave  
          Ignored, but damaged by, psychopathic pike in the entrance way  
          Met the oracle : a naga  
          Had to pass four tests to prove our cause  
          Failed the third test  
          Therefore were not given the information we sought  
          Returned to the township
- 4/6/84 – 9/6/84 Returned uneventfully to Seagate
