

1 Price List

This is a list of goods and services that are readily available in Seagate and their normal prices.

The availability and price of items will differ in other places, dependent on season and how far they have to travel to market. Seagate is a bustling coastal town with good agriculture nearby and a wide range of goods available at very reasonable prices. Price differences will be particularly noticeable for food (which is very seasonal) and exotic items.

Most goods are of average quality (Rank 0). Where prices are quoted for better quality goods these will have been made at higher ranks as well as including better ingredients.

Some goods have no weight quoted as single items have negligible weight. Large quantities of these should be given the nominal weight of 1/2 oz each.

1.1 Accommodation & Meals

A private room in a inn per night

Poor	2 sp
Middle Class	4 sp
Wealthy	6 sp
Rich	12 sp

A common room in a inn per person

1.3 Weapons & Armour

Rank 0 goods from this section are readily available, and up to rank ? (5 - 8) made be ordered. NB See Section 54 for all other information regarding these goods.

Armour

Armour requires fitting to the wearer. This takes between 1/2 an hour to several days. See Section 30.2 Armour for the details.

Armour weights are calculated multiplying the weight factor by the racial factor. Females should subtract 0.5 from their racial factor.

Race	Racial factor
Elves	5
Dwarves	4
Halflings	3

Weasel	2 sp

1.13 Gems

Most costs are in carats, of which there are 120 in an ounce. A 120 carat (1oz) diamond measures approx. 8 cc (2cm x 2cm x 2cm). These are prices for cut (faceted) gems. Facetting is a relatively recent and many gems, (especially inherited stones) will be polished rather than cut.

	per carat
Diamond	360 sp
Ruby	300 sp
Emerald	240 sp
Sapphire	240 sp
Jade (1/10 pound)	130 sp
Opal	55 sp
Pearl	115 sp

Poppy	50 sp
Purple Rose	200 sp
Rose	60 sp
Sunflower	12 sp

1.15 Rare or Magical Ingredients

Many frequently used magical ingredients are readily available. The price will be listed in the appropriate skill or ability description.

Rarely used or difficult to find ingredients may be ordered or may require a quest to locate (GM whim).
